Subject: Returned Application For Never Say Never Mine

Dear Mr. Carroll:

On February 5, 2016, the Division of Oil, Gas and Mining received from you a Notice of Intention to Commence Small Mining Operations (Notice) for the Never Say Never mine. A Notice is needed if mechanical earthmoving equipment is used or if there is significant resource damage, and it would require a permit fee of \$150.00 and a reclamation surety with an amount dependant on the amount of disturbance.

In a telephone conversation with Wayne Western on February 8, 2016, you indicated you want to just do hand work this year and apply for a Notice in 2017. The Division is returning your Notice. Please resubmit the form along with a check for \$150.00 when you decide to pursue this project further.

Please ensure that you have approval from land management agencies, such as the Bureau of Land Management and the School and Institutional Trust Lands Administration.

Please call Wayne Western at 801-538-5263 if you have questions.

Sincerely,

Paul Baker
Minerals Program Manager
